

Huskies Policy for Certificate of Proof of Insurance Requirements for Facilities

Requests for Certificates are to be applied through the Ice Scheduler. DO not apply for anything through the Alliance, the Ice scheduler will do the correspondence once proper forms and information are provided.

The Certificate of Insurance Request form must be filled out along with the Terms and conditions set out by the business requesting proof of insurance. NO exceptions. Your request will not be considered unless both the form and terms & conditions are provided.

The Alliance/Huskies may require additional information that must be provided in order that your application be processed.

Certificates of Insurance for facilities are applied for once and shared by all teams.

Before requesting Proof of Insurance, check to make sure we DO not have one already for the facility. Both the Secretary and Ice Scheduler will have copies of Certificates once approved.

Dryland Training

Dryland training needs to be approved by the Alliance and the Hamilton Huskies.

Dryland training must be age appropriate.

Plan of activities, emergency action plan, instructor/coach names, and frequency of dryland to be submitted to Huskies designate for approval by the Alliance.

Once approved and coverage has been confirmed by the OHF, you will be notified by Huskies designate, and ONLY then you may add to your calendar.

Failure to receive Alliance/Huskies approval will result in forfeit of any insurance coverage TO ALL STAFF AND PLAYERS as well as discipline actions for teams involved.
